

HISTORIC PLACES are homes, Main Streets, tourist destinations, open-air classrooms, and memories.

ART communicates viewpoint, beauty, and soul.

Where do you see the Art of Place?

Artists of all skill levels are invited to participate in “The Art of Place” by creating artwork inspired by historic places around Pierre & Fort Pierre.

On **May 18, 2013**, workshops and tours will be held at the Pierre Area Senior Center and around town on our Kickoff Day. Full schedules will be sent to registered participants and available to the public on the websites below.

- Sketch the view from the Verendrye Monument overlooking Fort Pierre
- History in the palm of your hand – new smart phone QR Codes for local historic places
 - Tour the historic landscape at Riverside Cemetery
 - And more... [Click here for the complete schedule](#)

Registered participants then spend the month independently on their artwork, and work sized up to 16X24 inches will be exhibited at our Oahe Days booth on **June 22-23**. This public exhibit will bring awareness to the special places in our community. Work will not be for sale, and artists will keep their work at the end.

Find **registration forms** at the Cultural Heritage Center (900 Governors Drive, Pierre), [Click here for ART OF PLACE REGISTRATION FORM](#) and/or <http://preservesd.org>.
