Reports of Inspections of the Field Jurisdictions of the Office of Indian Affairs, 1891-1900 (M1070).

This microfilm publication from the National Archives contains reports prepared by inspectors for the Indian Service and submitted to the Office of Indian Affairs. Inspectors for the Indian Service were first appointed July 1, 1873, under the provision of an act of February 14, 1873 (17 Stat. 463). The 1873 act required each agency to be visited by an inspector at least once a year, preferably twice a year by alternate inspectors. The inspectors investigated all matters pertaining to the conditions of the Indians and the extent to which they adopted white civilization, reservation boundaries, the use of reservation lands, the state of industry, the character and abilities of the agent and other employees, school conditions, the state of agency fiscal records, and enforcement or violation of the law.
