

Star Quilt Ornament

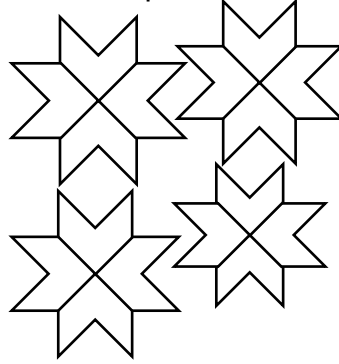

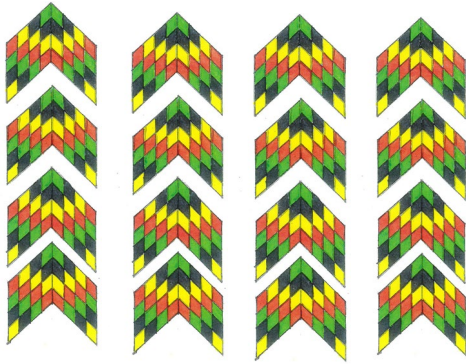

Materials:

16 star quilt pieces

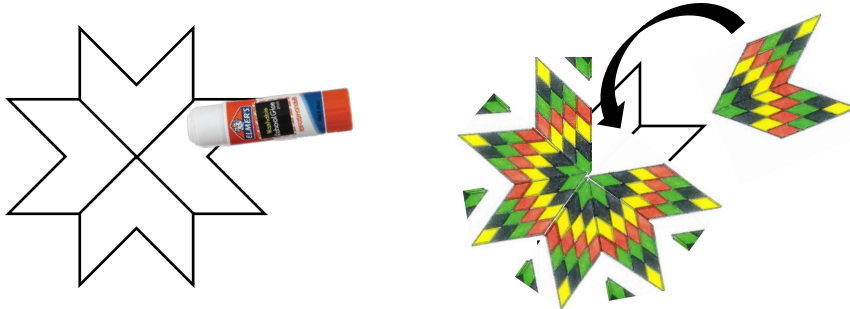

4 quilt forms

1 ribbon

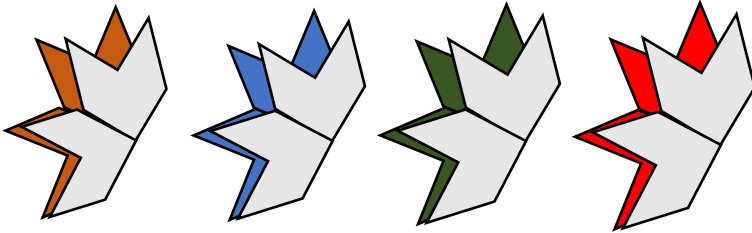

1 gluestick

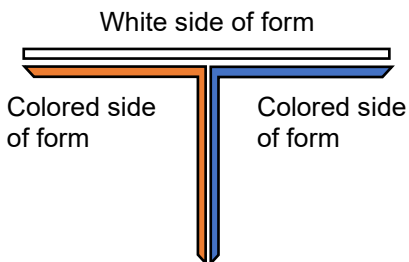

- Sort the quilt pieces so you have four of each style together. Apply glue to one side of a quilt form and glue the four quilt pieces onto the form. Points will be in the center of the form. Repeat with the other three quilt forms and remaining quilt pieces.

- Fold the four quilt forms in half with the colored side to the INSIDE.

- Glue the white outside folded sides of two quilt forms together. Do the same with the other two quilt forms.

- Glue the ribbon to one of the white sides of the joined quilt forms. Glue the two quilt form pieces together with the ribbon between them.
