

MEMORANDUM

TO: Potential State Property Tax Moratorium Applicants
FROM: Garry Guan, State Historic Preservation Officer
RE: State Property Tax Moratorium Application Packet

Enclosed please find an application packet for the State Property Tax Moratorium (SPTM) program. The SPTM is a program that utilizes property tax incentives to encourage owners of historic properties in South Dakota to rehabilitate those properties. If a building qualifies for the SPTM, an eight-year moratorium is placed on the property tax assessment of certified improvements. Applications for the State Property Tax Moratorium program are due each year by November 1 for work undertaken and completed during the current calendar year.

To be eligible for the SPTM, a property must be:

1. Listed on the National or State Register of Historic Places individually or as a contributing resource in a historic district;
2. Rehabilitated according to the Secretary of the Interior's *Standards for Rehabilitation*;
3. Certified by the South Dakota State Historical Society's Board of Trustees; and
4. Encumbered with a covenant attached to the deed of the property guaranteeing the continued maintenance and protection of the building's historic features for the life of the moratorium. The covenant remains in effect for the life of the moratorium even if the property is sold to new owners.

It is strongly suggested that the owner submit project plans to the State Historic Preservation Office (SHPO) prior to beginning any work. SHPO staff can review the proposed work to ensure that the project will meet the *Standards for Rehabilitation*. It can be costly and difficult, and is sometimes impossible, to correct work that does not meet the *Standards for Rehabilitation*.

For smaller projects, we recommend contacting your county's equalization office to determine whether your project will affect your assessed property values.

INSTRUCTIONS: Application must be submitted in the year that work is undertaken and completed. **Include all work that was undertaken during the current calendar year.** Work undertaken in subsequent calendar years must be submitted in a separate application. Work undertaken in previous calendar years is not eligible. **Before and after photographs of the work undertaken and one photograph of the front of the building are required with the application.** Photos should be submitted on a CD ROM or USB Flash Drive and will not be returned. No certifications will be made unless a completed application form has been received. Type or print clearly in black ink. The decision by the State Historical Society Board of Trustees with respect to certification is made on the basis of the descriptions and photographs submitted.

If you have questions about the SPTM program or the application process, please contact (605) 773-2907.

Applications are due by November 1.
