5. PROJECT LOCATION

A. ADDRESS: _____
B. CITY: _____
C. COUNTY: **Beadle County**
D. TOWNSHIP: **15 North** E. RANGE **19 East** F. SECTION **24**

G. Provide a USGS 7.5 minute quadrangle map of the project area. If the project is in an urban area, show the location(s) on a city map. Photocopies are acceptable, but poor quality maps or insufficient information will cause review delays. Do not enlarge or reduce the map.

Is a map showing the exact location of the project attached to this form?
YES or NO

6. PROJECT DESCRIPTION

Describe all anticipated work associated with the project. Be specific. The description should include all ancillary facilities such as access roads, placement of utilities, additional outbuildings, fences, material borrow areas, staging areas, etc. Use as much space and as many pages as needed to clearly describe the project.

The proposed project consists of the installation of a pipeline and two watering tanks. The pipeline will be approximately 4,550 feet in length. The pipeline will be installed at a depth of six feet using a backhoe. The excavation will be 1-2 feet wide. One tank will be placed in the middle of the pipeline and the other will be placed at the end of the pipeline (see attached drawing). The tanks are approximately 20 feet in circumference. The project areas will be accessed from a paved road and a two-track road. The staging area for heavy equipment and material will be located just off the paved road inside the fence.

7. PROJECT PLANS

Plans, drawings, engineering specifications etc. should be included to help explain the project, but these cannot replace the above verbal description. If new construction is involved, elevation drawings and plans should be included.

Are plans, drawings, engineering specifications, or similar documents attached to this form?
YES or NO **X**

8. PHOTOGRAPHS

Provide several clear, original photographs of the project location. Also, include photographs of every affected buildings/structures, including an overall front view of each structure and other views necessary to describe fully the structures and the project. Streetscape photographs of surrounding buildings and structures should also be included. Photographs should be color and can be either printed or digital images submitted on a CD. Printed digital photographs should have a high dpi and clear resolution. Photographs should also either be labeled or include a key.

NOTE: Projects submitted with insufficient photographs will cause review delays.

Are photographs that clearly show the project location attached to this form?
YES **X** or NO

9. PROJECT AREA OF POTENTIAL EFFECT (APE)

The APE consists of the geographic area or areas within which a project may directly or indirectly, cause changes in the character or use of historic properties. In most instances, the APE is not simply the project's physical boundaries or right-of-way. The APE also includes all ancillary facilities such as access roads, placement of utilities, additional outbuildings, fences, material borrow areas, staging areas, etc. The APE may include visual and audible effects.

Highlight the APE on a localized map.

A. Is a map highlighting the APE attached to this form? YES **X** or NO

B. Provide a written description of the APE. Describe the steps taken to identify the APE, and justify why the APE boundaries were chosen. If the APE has been previously disturbed, include an explanation of the previous ground disturbance.

The project area of potential effects includes the pipeline, tanks, access road, and staging area.

- 1. The pipeline will be approximately 4,550 feet long by 100 feet wide and six feet deep.**
- 2. One hundred feet around each tank will be assessed as the tanks will encourage cattle to congregate in specific areas.**
- 3. The access road will be 200 feet long and 15 feet wide.**
- 4. The staging area for heavy equipment and material will be approximately 100 feet X 100 feet.**

The total project area to be disturbed will be two acres.

II. IDENTIFY HISTORIC PROPERTIES

10. IDENTIFICATION EFFORTS (See 36 CFR 800.4)

Identification of historic properties may include, but is not limited, any of the following identification methods. Check which steps were taken to identify historic properties in the APE. Check all that apply and describe the results.

A. RECORD SEARCH

Conducted a record search through the Archaeological Research Center in Rapid City. Record searches are available for a fee by calling 605.394.1936. This will include a search of all previously-surveyed archaeological sites and structures within the APE and within one mile of the APE.

If a record search was conducted, is a copy of the results attached to this form? YES or NO

B. ON-THE-GROUND SURVEY

Survey by an archaeologist and/or an architectural historian of project area not previously surveyed. Survey type will depend on the scope of the project. A list of professionals is available at <http://history.sd.gov/Preservation/TechAssist/ConsultantsContractors.aspx>. Guidelines for surveys and reports are available at: http://history.sd.gov/Preservation/PresLaws/r&c_guidelines.pdf and <http://history.sd.gov/Preservation/OtherServices/HSArchitecturalSurveyManual2006.pdf>.

If a survey was conducted, is a copy of the survey report and/or survey forms attached to this form?
YES or NO

C. SEARCHED THE NATIONAL REGISTER OF HISTORIC PLACES DATABASE

This database is available online at: <http://nrhp.focus.nps.gov/>. NOTE: This database only includes properties *listed* on the National Register of Historic Places. Properties that are *eligible* for the National Register must also be taken into consideration.

If the National Register database was searched, is a printout of any results attached to this form?
YES or NO

D. BACKGROUND RESEARCH

Please describe sources reviewed and findings of research. This could include such things as reviewing county or city history books or conducting research at a local historical society, research facility, or county courthouse.

E. ORAL HISTORY INTERVIEWS

Please list who was interviewed and describe what was learned through the interviews.

F. CONSULTATION

Please describe who was consulted and the results of the consultation. Examples include tribes, historic preservation commissions, the public, and local historical societies.

Sent certified letters to each Tribal Chairperson and Tribal Historic Preservation Officer/ Cultural Resource contact in South Dakota on 1/10/2010. Followed up with phone calls to Tribal Chairperson and Tribal Historic Preservation Officer/ Cultural Resource contact 2/1/2010.

G. X OTHER

Describe any other efforts undertaken to identify historic properties and the results of those efforts.

Spoke with property owner about known resources in the project area. Property owner indicated stone circles located approximately 1/2 mile from project area. The site was not recorded because it was outside of the project area.

11. HISTORIC PROPERTIES FINDING

Based on the efforts described above to identify historic properties, please choose one finding for the project. There are (mark one):

- Historic Properties Present in the APE
- No Historic Properties Present in the APE

III. ASSESS EFFECTS

12. DETERMINATION OF EFFECT

The federal agency must submit a determination of effect for the SHPO to review this project. Based on the information provided above, the responsible agency official should make a determination of effect on historic properties for this project. Please select and mark one of the following determinations, then explain the basis for your decision

No Historic Properties Affected [36 CFR 800.4(d)(1)] – For a determination of no historic properties affected, the agency official finds no historic properties present or that the undertaking will have no effect upon historic properties as defined in Sec. 800.16(i). Please explain.

No archaeology sites were identified during the on the ground survey of the project area. Six buildings were identified during the record search, but all have been determined to be not eligible for listing on the National Register. The project includes underground pipeline and low profiles tanks.

Adverse Effect [36 CFR Part 800.5(a)(1)] – For a determination of adverse effect, the undertaking may alter, directly or indirectly, any of the characteristics of a historic property that qualify the property for inclusion in the National Register in a manner that would diminish the integrity of the property’s location, design, setting, materials, workmanship, feeling, or association. Adverse effects may include reasonably foreseeable effects that may occur later in time, be farther removed in distance, or be cumulative. Please explain.

No Adverse Effect [36 CRF Part 800.5(b)] – For a determination of no adverse effect, the undertaking is modified or conditions are imposed to avoid adverse effects to a historic property. Please explain.
