## II. IDENTIFY HISTORIC PROPERTIES

### 10. IDENTIFICATION EFFORTS (See 36 CFR 800.4)

Identification of historic properties may include, but is not limited to, any of the following identification methods. Check which steps were taken to identify historic properties in the APE. Check all that apply and describe the results.

A.  RECORD SEARCH

Conducted a record search through the Archaeological Research Center in Rapid City. Record searches are available for a fee by calling 605.394.1936. This will include a search of all previously-surveyed archaeological sites and structures within the APE and within one mile of the APE.

If a record search was conducted, is a copy of the results attached to this form? YES  or NO

B.  ON-THE-GROUND SURVEY

Survey by an archaeologist and/or an architectural historian of project area not previously surveyed. Survey type will depend on the scope of the project. A list of professionals is available at <http://history.sd.gov/Preservation/TechAssist/ConsultantsContractors.aspx>. Guidelines for surveys and reports are available at: [http://history.sd.gov/Preservation/PresLaws/r&c\\_guidelines.pdf](http://history.sd.gov/Preservation/PresLaws/r&c_guidelines.pdf) and <http://history.sd.gov/Preservation/OtherServices/HSArchitecturalSurveyManual2006.pdf>.

If a survey was conducted, is a copy of the survey report and/or survey forms attached to this form?  
YES  or NO

C.  SEARCHED THE NATIONAL REGISTER OF HISTORIC PLACES DATABASE

This database is available online at: <http://nrhp.focus.nps.gov/>. NOTE: This database only includes properties *listed* on the National Register of Historic Places. Properties that are *eligible* for the National Register must also be taken into consideration.

If the National Register database was searched, is a printout of any results attached to this form?  
YES  or NO

D.  BACKGROUND RESEARCH

Please describe sources reviewed and findings of research. This could include such things as reviewing county or city history books or conducting research at a local historical society, research facility, or county courthouse.

**The Post Office was previously determined eligible for listing on the National Register of Historic Places by the State Historic Preservation Office in 2001.**

---

E.  ORAL HISTORY INTERVIEWS

Please list who was interviewed and describe what was learned through the interviews.

---

---

F.  CONSULTATION

Please describe who was consulted and the results of the consultation. Examples include tribes, historic preservation commissions, the public and local historical societies.

**A letter was sent to the local historical society on May 11. No comments were received. A follow up telephone call was made on June 12. The historical society discussed the project at their monthly board meeting, and had no concerns provided the project followed the Secretary of Interior Standards. A letter and minutes of the board meeting were received on June 15. See attached.**

## **III. ASSESS EFFECTS**

### 12. DETERMINATION OF EFFECT

The federal agency must submit a determination of effect for the SHPO to review this project. Based on the information provided above, the responsible agency official should make a determination of effect on historic properties for this project. Please select and mark one of the following determinations, then explain the basis for your decision

**No Historic Properties Affected** [36 CFR 800.4(d)(1)] – For a determination of no historic properties affected, the agency official finds no historic properties present or that the undertaking will have no effect upon historic properties as defined in Sec. 800.16(i). Please explain.

---

---

---

**Adverse Effect** [36 CFR Part 800.5(a)(1)] – For a determination of adverse effect, the undertaking may alter, directly or indirectly, any of the characteristics of a historic property that qualify the property for inclusion in the National Register in a manner that would diminish the integrity of the property's location, design, setting, materials, workmanship, feeling, or association. Adverse effects may include reasonably foreseeable effects that may occur later in time, be farther removed in distance, or be cumulative. Please explain.

**The windows and storm windows will be replaced with aluminum clad single pane windows. Due to the expense of heating two of the windows on the north side of the building will be bricked in. This will have an adverse effect on the building because it diminishes the integrity of the property. This activity does not follow the Secretary of Interior Standards.**

---

---

---

**No Adverse Effect** [36 CFR Part 800.5(b)] – For a determination of no adverse effect, the undertaking is modified or conditions are imposed to avoid adverse effects to a historic property. Please explain.
